WAREHOUSING

DISTRIBUTION

1918

Willmotts Transport Ltd is established.
Almost 100 years ago, at the end of the first World War, George Willmott founded Willmotts Transport Ltd as a Haulage company in Wells, Somerset.

1960s

Willmotts Transport Ltd begins major growth, running an estimated 50 vehicles

1980

Willmotts Transport Ltd moves and begins storage services.
Willmotts Transport moved to the site at Waterlip which they occupy to this day. Building two 20,000 Sq Ft warehouses that have been updated and improved to food production quality standards and with BRC accreditation.

1992

DB Haulage Ltd is established.
Later changed to DJB Haulage Ltd.

2007

DJB Haulage joins Pallet Network.
DJB Haulage joins the Palletforce network. Allowing single pallets up to part loads to be delivered domestically, building up a reputation for cost-effective and reliable services.

2009

Scania takes over Willmotts Workshop, providing specialised vehicle repairs

Willmotts Transport Ltd operates out of Waterlip. Providing Retail support, logistics, Pallet network services and storage solutions

What we can offer...

Distribution

- Willmotts Transport is one of the biggest retail support logistics companies in the UK.
- Offering a bespoke service to all major supermarkets and DIY chains in the UK, Eire and Europe.
- Office staff are hugely experienced and have extensive product knowledge.
- Our ISO9001:2015 and BRC accreditations show our commitment to excellence, and endorse us as one of the leading warehousing and distribution companies in the South West.
- All drivers have level 4 security clearance.
- All vehicles are satellite tracked 24hrs a day.
- Operating the most environmental and economical vehicles with Euro 5 and 6 engines
- Fleet vehicles are always replaced within a 5 year period to ensure we have the best possible equipment.
- We mainly purchase our vehicles from Scania, who base their South West workshop operations in a purpose-built facility on our site, meaning down time is minimal.
- Large fleet of:
 - Articulated trucks
 - 18 tonne rigids
 - 7.5 tonne rigids
 - Vans
- Trailers:
 - Standard 13.6m standard straight frames
 - Full back door tail lift trailers
 - Curtain-sided vehicles
 - Specialised box trailers
 - 9m and 10m urban trailers
- We provide International customers with:
 - Air freight services and sea freight services

Storage

- Purpose built ambient warehousing facilities in Waterlip and Shepton Mallet.
- Catering for both palletised and non-palletised goods.
- Short term and long term contracts.
- BRC Global Standard for Storage and Distribution (issue 2) and ISO9001:2015 accreditations.
- Soil Association accredited.
- Vigo warehouse management system offers a wide range of benefits to customers, these include:
 - Stock inventory services.
 - Traceability features; all items are allocated a PIN barcode which is scanned in to a warehouse location for complete and open track and trace of freight from arrival to departure.
 - The system can be accessed by customers using a portal, which is available 24hrs a day.
 - Tailored reports can be created to meet customers' individual needs.
 - Standard or bespoke EDI connections can be set up to facilitate data flow between our warehouse and customers' own systems.
- Warehouse services:
 - Loose or palletised container offloading.
 - Repalletisation on to euro/blue/standard pallets.
 - Pick and pack into store-specific case or pallet configurations.
 - Co-pack goods maintaining traceability from the donor packs.
- CCTV site wide coverage.
- 24 hour monitored alarm system.
- Automated security gates (Every entry and departure is recorded by CCTV).
- Stringent pest control procedures with regular inspections.
- All Warehouse operatives fully trained by RTITB qualified trainer.
- Over 100,000 Square feet of warehousing.
- 15,000 Pallet spaces.
