

Customer Update

Dear Customer

As of 1st October 2018, Willmotts Transport invested in a new Transport Management System (TMS). The TMS will provide Willmotts and customers alike with the latest up to date informational flow and ability to plan with the latest technology available to hand.

Online web portals and up to date tracking information will be available upon request during Q1 2019.

As a result, any consignments completed via our general haulage fleet prior to 1st October 2018 will now not be accessible within our previous system. Therefore, any POD or Invoice copies requested will not be available online or internally.

All original POD's would have been sent with invoices at the time of delivery during 2018 therefore all copies held by Willmotts within our previous TMS are copies of the signed and returned original.

Any consignments completed post 1st October 2018 will not be affected

Yours Sincerely

Matt Loxton
Operations Director
Willmotts Transport Limited

All goods stored in accordance with RHA conditions.
Goods are accepted for carriage (and sub-contracted) only subject to the RHA Conditions of Carriage 2009 a copy of which is available on request.
